

Christian Schools Resource Kit, 4th Edition

The Christian School Resource Kit contains documents referenced in the book, *Christian Schools: How to Get a School Going and Keep it Growing*. There are over 800 documents representing over 35 years of experience in Christian education.

AUTHORS: Drs. Dennis M. and Carol M. Demuth

With over 800 pages of documents, school administrators and support staff will delight in the hundreds of hours saved by simply copying a document and then editing it to meet school needs.

Key Benefits

- Excel spreadsheets and several PowerPoint presentations are also included.
- The PowerPoint presentations can be used for teacher in-service training - for example, A model Christian School; Summer Fun Program; Child Abuse - Awareness and Protection; Senior College Planning; Enrollment Promotion.
- Single volume of information essential to establishing a successful Christian school and to improving existing schools. This is a companion kit that goes with the book, *Christian Schools: How To Get a School Going and Keep It Growing*. Hundreds of pages of working documents, forms and spreadsheets designed to help you grow your school.
- Contains formats for assessing performance of administrators and teachers, forms for work study programs, financial aid applications, enrollment tracking system, honor code pledges, and much more.
- Offers proven documents for collection of past due tuition.
- Provides documents for budget management and financial accounting
- Presents samples of an application tracking system, staff development plans, master teacher program, skill inventories, progress reports, termination notices, athletic management systems, to name a few.
