## The Human Spirit

### Spirit-Directed Education

1. Acknowledge the existence of the human spirit  
Same spirit that God breathed into Adam

Most of what educators do is to train the body and mind. Very little is being done to train a student how to listen and be obedient to their spirit (referred to as the inner witness, the hidden man of the heart, the spirit-man, still small voice).

(the same)  
beareth witness  
with our spirit  
that we are

God."

## The Human Spirit - Impact

### Spirit-Directed Education

5. Understand the full impact of salvation
- Child becomes a new creature by receiving the life and nature of God.
  - Holy Spirit, who makes His home (the temple) in the physical body and communicates with the recreated spirit
  - Holy Spirit begins to work from the inside out
  - Mind begins the renewing process and is brought back into perfect harmony with the recreated spirit
  - When the mind is renewed and brought into fellowship with the recreated spirit, the spirit will have complete control over his body, and will be able to receive the wisdom of God.

Helps Direct the Will

"I know that my life has changed, because now when I do bad things, I have a conscience tells me that I am wrong. I have an environment of peace inside me that I have not had for a long time. I'm much happier than before. I have wisdom to Do what is right and there are a lot of small changes that happen on a daily basis and I have seen a change in my life. " (RJ 9th Grade)

## The Human Spirit

La Educación Dirigida por el Espíritu

Shindler and Pjyle "Educating for Eternity"

In most of what we have been taught and most of what we do today, our minds lead, not our spirit- Most of us have been so brain washed by the god of reason that we find it very difficult to appreciate that the most important thing we can do for our young people (and in fact for ourselves) is to develop the spirit part of us so that it can lead our lives.
